U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on MARCH 26, 1978
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
MARCH 27 - APRIL 2, 1978
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of April 6, 1978 (based on reports from exporters for the week ending March 26, 1978, unless otherwise noted).

Wheat: Sales activity (219,200 MT) continued slow. Morocco and Japan made significant purchases while several other countries added nominal quantities for this marketing year (MY). Poland, USSR and the Philippines were the main buyers for MY 1978/79. Contract adjustments (foreign purchases/cancellations) and destination changes resulted in net decreases in total sales to the USSR, Portugal and West Germany. Exports of 546,300 metric tons (MT) registered a modest improvement over the two previous weeks.

Corn: Sales activity, dominated by Japan, Spain and the Netherlands, exceeded a million MT for the second consecutive week. Substantial sales to unknown destinations were more than offset by switches from unknown to the USSR and several other countries. Additional contract adjustments on USSR contracts, resulted in a net sales increase to the USSR of 609,400 MT for MY 1977/78. Korea purchased 120,000 MT for MY 1977/78 (reported under the daily system). The pace of exports (760,700 MT) declined from the brisk rate of the last three weeks.

Barley: Sales activity picked up as sales of 30,300 MT to Poland and 21,800 MT to unknown destinations were reported.

Sorghum: Market interest was light with small sales to Japan and unknown destinations the most prominent features. Exports were moderately heavy.

Soybeans: Export interest was moderately strong. Japan (187,400 MT) accounted for over 55 percent of the new business as net sales (337,500 MT) rose nearly 26 percent over the previous week. Transactions reported under the daily system included; 200,000 MT destined for the USSR for 1977/78 and 50,000 MT for unknown destinations for MY 1977/78 and 50,000 MT for MY 1978/79. Exports (396,100 MT) increased slightly with Japan and the EC being the primary recipients.

Soybean Oil: New sales (20,300 MT) were heavy due mainly to sales to unknown destinations, Pakistan, Peru and India. Exports (11,800 MT) were scattered over a number of countries.

Cotton: Sales activity continued very strong, as combined sales for the current and next MY set another weekly record. MY 1977/78 sales of 55,600 RB were principally to Taiwan, Korea, Japan and Hong Kong. Sales of 181,000 RB for MY 1978/79 were primarily to Korea (66,600 RB), Taiwan (43,500 RB), Japan (25,300 RB), Hong Kong (22,400 RB), and Thailand (15,000 RB). Exports continued at a good pace as 145,800 RB were shipped, 80 percent went to Asia.

Oats, Soybean Cake and Meal, and Rice: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY
For Week Ending March 26, 1978

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
